## Dedication

We, the senior class of 1967, in order to express our sincere and affectionate appreciation, dedicate this year-book to Mr. Robert Childress, who has unselfishly devoted his free time to supporting our athletics and his talents to developing our mathematical knowledge. We will always remember the teacher who not only gave us learning but made learning fun.

Mr. Robert C. Childress

## In Memory

Here rests his head upon the lap of earth  
A youth to fortune and to fame unknown  
Fair Science frowned not on his humble birth,  
And Melancholy marked him for her own.

Large was his bounty, and his soul sincere;  
Heav'n did a recompense as largely send;  
He gave to Misery all he had, a tear,  
He gained from Heaven ('twas all he wished)  
a friend.

No farther seek his merits to disclose,  
Or draw his frailties from their dread abode,  
(There they alike in trembling hope repose),  
The bosom of his Father and his God.

That fifth period typing class!

## Students Face Crucial Moments

Our rings!

"It's a planarian, not a whatsisface."

"Ye-es? May I help you."

"You tore your what, and have to go home?"

Who'll Deny

## Camera Reveals True Character

What's so interesting in the trash can?

So this is what teachers do all day!

That's a good place for rats!

Keeping the radiators warm, boys?

## Routines Go On Despite All

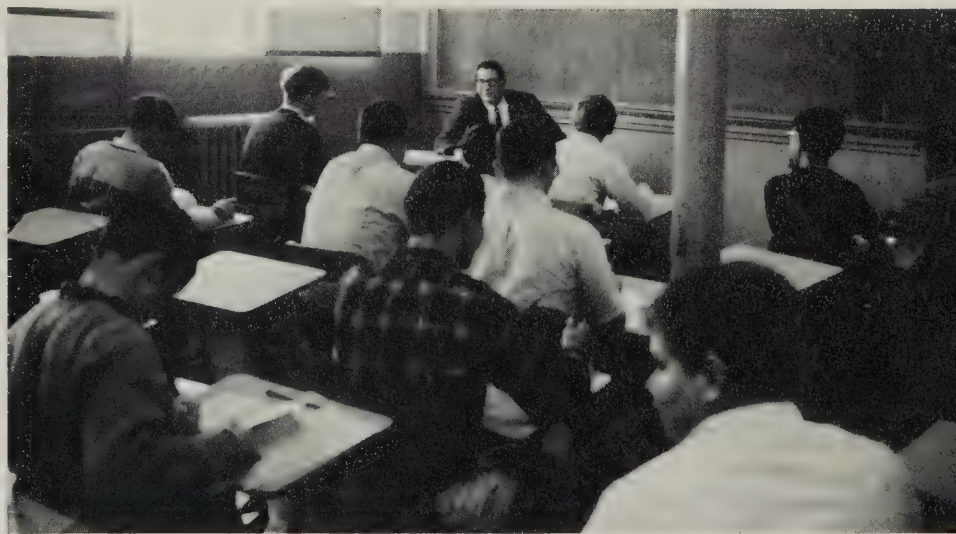

So who wants to sleep, anyway?

"According to rule number forty three. . ."

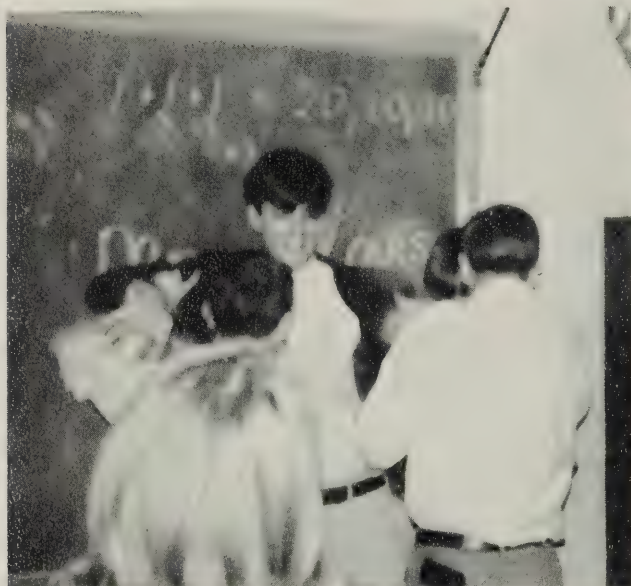

Only ninety-six absentees today?

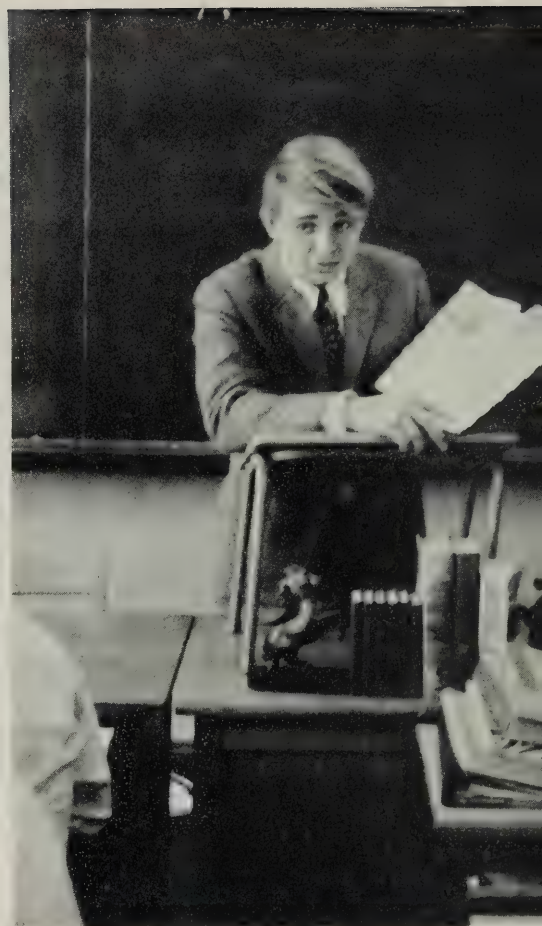

Hostetter's Happy Hooligans

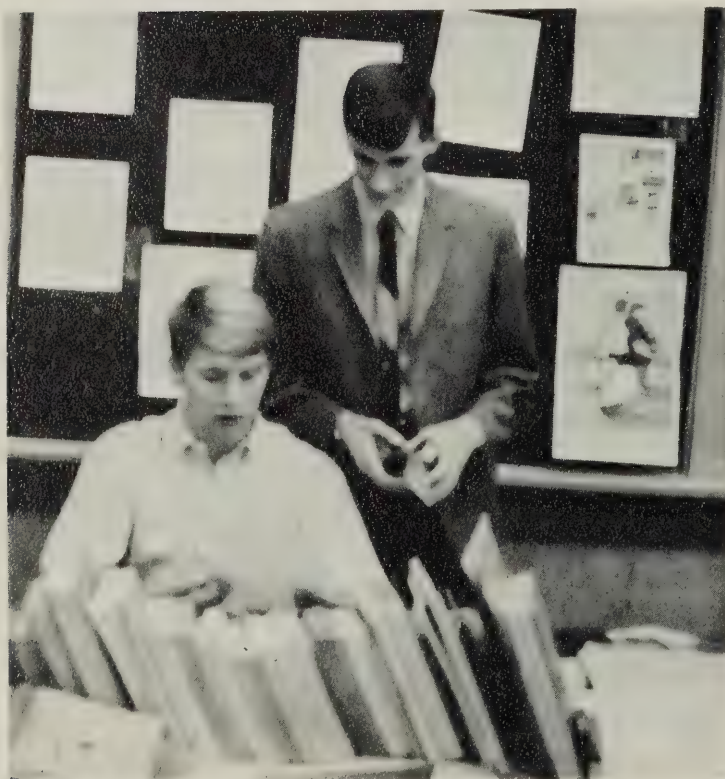

## Tables Are Turned

"Now I know I should've gone to dental school!"

"Now, let me tell you something. . ."

"And here's a beautiful shot of a lens cover."

Genius at work (caption courtesy of Coach Barger).

## Spring Fever Strikes Again

"You dirty rats..."

"If this is consumer's math, how come we don't have anything to consume?"

"Now, who has the formula for nitroglycerin?"

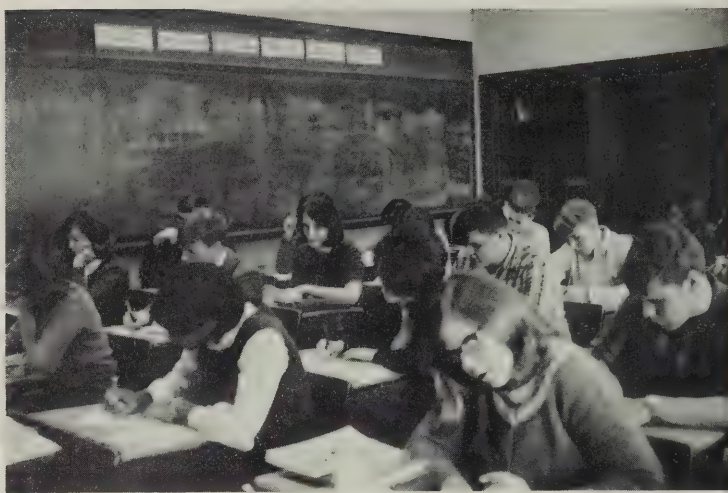

Looking for something?

## Tempis Fugit

Will the real culprit please stand up?

Now, that's being really creative!

It's grace and rhythm time!

"Oh, you doll!"

## Students Follow Interests

"Isn't this where we're supposed to meet?"

Beta, Beta everywhere...

"Why didn't I do my homework last night?"

It's Superman!

## Work a Little, Loaf a Little

How was the NMSQT?

Portrait of wasted time.

It might as well be spring!

This is learning English?

## Seniors Get Around

"What do you mean, the tardy bell has rung?"

Senior homeroom

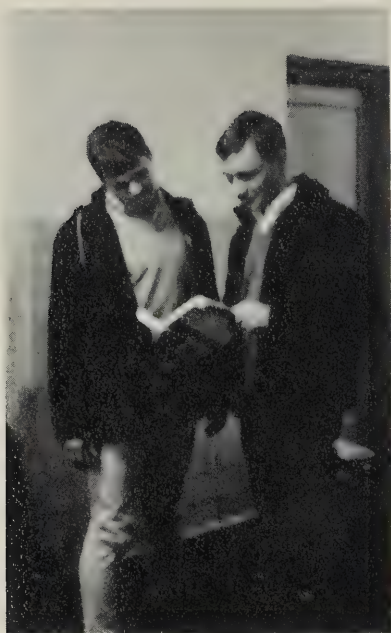

"Car? What car?"

What happened to the study hall?

A diploma looks nice in a scrapbook, but don't expect to impress a lot of people with it. One thing you can bank on . . . it's not a passport to an easy life. It is proof, however, that you have perseverance which, when added to your other fine qualities and capabilities, will pay off for you throughout your lifetime.

It is our wish that graduation will not be the end, but the beginning of your quest for knowledge . . . the real key to a happy fruitful life.
